Affairs at St. Petersburg.

The London Times publishes a letter from its St. Petersburg correspondent, dated on the 3d inst., which illustrates the condition of affairs there by extracts from his diary concerning the past few days. He says that a military attache of the French embassy was dragged before the Chief of Police for locking too attentively at the fertress. The correspondent called on a friend early in the evening, but was refused admittance by the dvornik (hall porter). The next day he had a similar experience at another friend's residence. The only reason given by the porters for his non-admission was that the correspondent did not live there, and so could not go in. The correspondent says: "Within the limits of my own street, which last night was illuminated at every window by command of the police, I witnessed three quarrels with dvorpiks, who refosed to give admission to persons wishing to visit friends or relatives. In an adjoining street I saw one arrest for the same reason. On Sunday there was a very violent storm of wind and drifting snow, and few people were out. The Emperor, in passing from the Winter Palace to

the noval parade at the riding school, was escerted by a suite of Cossacks and followed by one of the district police masiers in a sleigh. These who saw his Majesty's cortege of course removed their caps. One unfortunate individual, whose sight was impeded by a large bachlik over his head, did not doff his head dress. The rollow dillow retired this west, of respect and st once a dose of Tutt's Expectorant; you will soon be able to reise the phlegm. In an hour repeat the Expectorant, place a hot from to the feet take two of Tutt's Pills. You will soon fall into a pleasant sleep and wake up in the morning cough gone, lungs working freely; easy breathing and the bowels moving in a natural manner. To prevent a return of these symptoms use the Expectorant several days.

Office, 35 MUERAY ST., N. YORK. police officer noticed this want of respect, and shouted to a policeman near by to take him off. The unhappy individual, who, through the blinding snow and sleet, had failed to notice the imperial cavalcade and protested to that effect, was nevertheless dragged off to the police sta-tion. These are a few illustrations of how directions, very good in themselves, are carried out by utterly incompetent subordinates, who are incapable of exercising common sense and discrimination. The latest instructions to the TUTPS PILLS Cure Torpid Liver, Dyspopsis and Costivedvorniks is that they must not sit at their posts. A fill was introduced in the L gisla ture last Priday authorizing the extension of the Virginia Midland Railroad into North Carolina,' Col. Barbour has returned well satisfied with

the result of his trip. Taking Cold.-One of the many ways of taking cold is by not keeping the mouth shut when out in the sharp, cold air. The tead r membranes of the throat are exposed to the chilling sir, and congestion ensues, in other words, the person takes cold. The cold air should be taken in through the nestrils. New York, Sept. 19, 1877.

Dr. Tuit: Dear Sir—During this year I treated nine hundred cases of lung diseases. In the lower words of the city the cases were of a very

severe type. It was there my attention was called to Tutt's Expectorant, and I confess my surprise at its wonderful power. Puring a practice of twenty years I have never known a medicine to act as premptly and with such happy effects. It instantly subdued the most violen fits of coughing, and invariably cured the disease in a few days. I cheerfully endorse it as the best lung medicine I ever used.

A NEWSPAPER PUBLISHER WRITES

Office Evening News, Augusta, Ga. Dr. Tutt: Dear Sir-My little son was attacked with pneumonia last winter, which left him with a violent cough that lasted till within a month since, for the cure of which I am indebted to your valuable Expectorant. I had tried most everything recommended, but none did any good until I used your Expectorant, one bottle of which removed the cough entirely.
With many thanks, I am yours truly,

HAD TERRIBLE NIGHT SWEATS.

Memphis, February 11, 1871.

Dr. Tutt: Sir—I have been suffering for nearly two years with a severe cough. When I commenced taking your Expectorant I was reduced to one hundred and sixteen pounds in weight. I had tried almost everything; had terrible night sweats. I have taken half dozen bottles. The night sweats have left me, the cough has disappeared, and I have gained fifteen pounds in flesh. I recommend it to all my friends. With great respect,

OLIVER RICE.

IMPORTANT QUESTIONS.

Reader, have you caught a cold? Are you unable to raise the phlogm? Have you an irritation in the throat? A sense of oppression on the lungs, with short breath? Do you have a fit of coughing on lying down? A sharp pain now and then in a region of the heart, shoulders and back? IF SO, OUR ADVICE IS to take at once a dose of Tutt's Expectorant; you will seem the able to raise the phlogm. In an hour
